**“I move to introduce Bill # 269 as an ordinance adopting the 2018 International Code Council series and most recent specialized codes available list as attached**

**Key Points:**

1. It is a City of Fernley Ordinance (FMC 8.02.12) to adopt new Building Codes within 18 months of publication from ICC. New codes were published in August 2017.
2. City of Fernley must be updated with most recent Codes, in order NOT to affect our ISO rating which may be used in determining home owner and commercial insurance rates for everyone in Fernley.

**SUMMARY**

It is an existing City of Fernley Ordinance (FMC 8.02.12) to adopt and implement the most recent coordinated set of codes as published by the International Code Council within 18 months of the publication of the codes. Adoption of the latest codes aids in maintaining our Building Code Effectiveness Grading Schedule (BCEGS) rating as classified by Insurance Services Office, Inc. (ISO). This rating is used by the insurance industry for underwriting and premium development programs for residential and commercial properties. This rating was subject to a survey earlier this year and is subject to regression from Class 3 to Class 4 if the newest codes are not adopted, possibly impacting insurance rates for all City of Fernley property owners.
