Executive Summary

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, or national origin in programs and activities receiving Federal financial assistance. Specifically, Title VI provides that “no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance (42 U.S.C. Section 2000d).

The Civil Rights Restoration Act of 1987 clarified the intent of Title VI to include all programs and activities of Federal-aid recipients, and or contractors whether those programs and activities are Federally funded or not

Executive Order 13166 placed renewed emphasis on Title VI issues, to ensure meaningful and equal access in programs and activities to persons with Limited English Proficiency (LEP).

Recipients of public funding from Federal Highway Administration (FHWA), and the Nevada Department of Transportation (NDOT), are required to develop policies, programs, and practices that ensure Federal Transit dollars are used in a manner that is nondiscriminatory as required under Title VI.

This document details how the City of Fernley incorporates nondiscrimination policies and practices in providing services to the public.

3.2.10 Limited English Proficiency (LEP) and Language Assistance Plan (LAP)

Requirement

Federally assisted recipients must take responsible steps to ensure meaningful access to benefits, services, information, and other important portions of its programs and activities for individuals who are Limited English Proficient (LEP). Recipients must use the information obtained in their Four-Factor Analysis to determine the specific language services that are appropriate to provide.

Reporting

City of Fernley is committed to assisting people who do not speak English or do not speak English well. Individuals who do not speak English as their primary language

and who have a limited ability to read, speak, write, or understand English are limited English proficient, or LEP. These individuals may be entitled to language assistance with respect to a particular type of program, service or activity. This section outlines the LEP protections and plans for compliance. Title VI and Executive Order 13166 prohibit recipients of federal financial assistance from discrimination based on national origin.

It is the policy of City of Fernley to take reasonable steps to provide Limited English Proficient individuals with meaningful access to all programs, services, or activities. City of Fernley shall take reasonable steps to effectively inform the public of the availability of language accessible programs, services, and activities.

All vital documents will be translated into appropriate languages upon request.

We will continue to identify emerging populations as updated Census and American Community Survey data become available for our service area. In addition, when LEP persons contact our agency, we attempt to identify their language and keep records on contacts to accurately assess the frequency of contact.

To assist in language identification, we use a language identification flashcard based what was developed by the U.S. Census (<http://www.lep.gov/ISpeakCARds2004.pdf>). To date we have not had to utilize the flashcard.

City staff who come into contact with LEP persons can access language services by offering the individual a language identification flashcard, when in person, or transferring a call to a bilingual staff.

The following procedures are followed when responding to written communications from LEP persons:

Bi-lingual staff will assist and respond to the individual via email, fac, text, or mail.

LEP persons are notified of the availability of language assistance through the following approaches:

- Following our Title VI policy statement included on our vital documents
- On our website
- Through signs posted in City Hall
- Through ongoing outreach efforts to community organizations
- Staffing a table with bilingual staff at community service vents of interest to LEP groups.

Following federal guidance, a “four factor analysis” has been completed to understand language need and allocate resources appropriately, and can be found as Attachment F.

3.2.11 Environmental Justice (EJ)

Requirement

All subrecipients must include an Environmental Justice process as part of their Title VI Plan.

Reporting

23 C.F.R 771, sets forth the policy of environmental analyses in a single process. It defines the roles and responsibilities of FHWA and its grant applicants. In conjunction with EO 12898, the FHWA outlines the consideration of EJ issues must be considered using an Environmental Impact Statement (EIS). The principles outline the identification of minority or low-income populations, and/or disproportionately high and adverse human health or environmental effects on these populations.

In 1994, Executive Order (EO) 12898 Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations was issued. EO 12898 emphasized a federal agency's responsibility to make environmental justice a goal by identifying and addressing the effects of programs, policies and activities on minority and low-income populations. This is accomplished by involving the public in developing transportation projects that fit within their communities without sacrificing equity, environmental justice, and safety. The City of Fernley's Environmental Group fulfills this requirement by following the NEPA process. CITY OF FERNLEY promotes public participation through ongoing outreach and event organization. Environmental Justice is the fair treatment and meaningful involvement of all people regardless of race, color, national origin, or income with respect to the development, implementation, and enforcement of environmental laws, regulations, and policies. Fair treatment means (1) that all persons share in the benefits of our investments; and (2) that no person (including racial, ethnic, or low-income groups) should bear a disproportionate share of the negative consequences resulting from the execution of Federal, State, and local programs and policies. Based on the guidance of the USDOT Order on Environmental Justice as cited in "An Overview of Transportation and Environmental Justice" there are three fundamental principles of environmental justice, and they are:

- To avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects on minority populations and low-income populations;
- To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process; and
- To prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority and low-income populations. In accordance with

Executive Order 12898 on EJ and the related US DOT and FHWA Orders, the Department advances the principles of EJ in all programs, services and activities through a public involvement program and by screening programs and projects to identify, avoid, minimize or mitigate disproportionately high and adverse impacts. Agency staff members assist with respect to public involvement activities around the state. The transportation planning process requires CITY OF FERNLEY to identify planning assumptions under federal law—one of which is to use the most recently published U.S. Census Bureau data in the development of plans and programs.

3.2.12 Public Participation

Requirement

All subrecipients must include a public participation plan as part of their Title VI Plan.

Federally assisted recipients must also provide information to the public regarding their Title VI obligations and apprise members of the public of the protections against discrimination afforded to them by Title VI.

At a minimum, recipients must disseminate this information to the public through measures including a posting on its website, and in public areas of the agency's office. Furthermore, notices will detail a recipient's Title VI obligations in languages other than English, as needed and consistent with the DOT LEP Guidance and the recipient's LAP.

Reporting

The public outreach strategies employed by City of Fernley are often determined by the circumstances unique to individual projects and typically include a mix of public hearings and stakeholder meetings or as applicable. Information is distributed via the City of Fernley website or social media websites, surveys, newsletters, advertising, media outreach, community events, and targeted presentations. The City of Fernley's commitment to public participation is based firmly on the belief that public involvement fosters an open decision-making process that elicits active participation from affected individuals, groups, communities, and other public agencies.

3.2.13 Review of Directives

Requirement

All subrecipients must include a process to review internal directives, policies, and procedures for potential Title VI impacts as part of their Title VI Plan.

Reporting

City of Fernley has submitted a review of agency directives as part of their Title VI plan. This consisted of review logs outlining the Directives the Title VI Coordinator reviewed, and took action, if necessary, to ensure that discriminatory language or implications were absent from any changes in policy, procedures, or new directives.

3.2.14 Compliance & Enforcement Procedures

Requirement

All subrecipients must include compliance and enforcement procedures as part of their Title VI Plan.

Reporting

City of Fernley is committed to ensure the required Compliance and Enforcement Procedures. At this time, City of Fernley does have contractors, vendors, or consultants. Department Directors and Supervisors in each service area are responsible for familiarizing themselves with the requirements of Title VI, E.O. 12898, and E.O. 13166, and for complying with the requirements of City of Fernley's Title VI Program. They have promptly reported any issues or complaints concerning Title VI and related statutes to the Title VI Coordinator. As of this reporting period, no compliance or enforcement procedures have been enacted by the City of Fernley on any of its consultants, contractors, or vendors. The City of Fernley expects and addresses all nondiscrimination efforts in all business relations. Should noncompliance be found, the City of Fernley shall work with the contractor, consultant, or vendor to come into voluntary compliance. If that is unsuccessful, the City of Fernley shall take additional action to ensure compliance. All procedures for compliance and enforcement outline the agency's commitment to compliance in all Title VI and other non-discrimination areas, such as ADA, DBE, and Contract Compliance.
