

## ATTACHMENT B – FEE SCHEDULE

### **Hours, Cost and Schedule**

The project will require 388 hours of Management Partners staff time at a fixed price of \$69,500, which includes expenses. We anticipated that most of the work can be done using virtual meeting technology. In the project start-up meeting we anticipate working with you to settle on a project schedule that accommodates your needs. In formal circumstances this work usually requires about 120 days for completion.
