PROJECT SUMMARY: If approved, this vehicle will be assigned to the City's Building department to be utilized in day to day operations. The City typically relies on assigned vehicles for 24-hour emergency response, inspections, code enforcement issues, as well as required City of Fernley business travel.

If approved, this equipment will replace one of the aged and problematic vehicles that is currently assigned to the Department which is beyond the service miles and age recommended for vehicle replacement per the City of Fernley Fleet Management Program (PMP) Policy, Table 4.1 Appendix 8, Replacement Standard. If approved, Staff anticipates disposal of the current asset per the FMP Policy.

Staff has chosen the Ford F-150 with Four Wheel Drive from Corwin Ford because this vehicle meets the desired specifications needed for City operations. Corwin Ford participates in the Sourcewell State Purchasing Program (formerly NJPA). This program allows the City of Fernley to obtain better vehicle pricing and better vehicle availability.

BACKGROUND:

Every fiscal year, the State accepts bids from dealerships around Nevada for assorted makes and models of work trucks, cars and light and heavy equipment for purchase by local government agencies. Using the results of the State's competitive bid process is standard practice for municipalities because it saves time and money. The municipality does not have to assemble bid documents, advertise, and rank bidders in order to make a purchase.

Corwin Ford will oversee the manufacturing and delivery of this vehicle for the City of Fernley. This vehicle is available under the State of Nevada's purchasing contract. If we elect to not purchase this vehicle, we will have to wait for the bid results for the new State purchasing contract, or, City Staff will have to assemble bid specifications, advertise for bids and then rank and award the winning bid. Neither is guaranteed to lower the current price of the vehicle.

LEGAL IMPLICATIONS: NRS 332.039, NRS 332.195

FINANCIAL IMPLICATIONS: This purchase was budgeted at \$32,000 using funding from G.L# 100-605-742 General fund portion of the FY 21-22 Budget.
